

Black Concerns Working Group Report – Mildred Robinson

1) What is working well in your committee or group

Our Twentieth Kwanza Jazz Concert was successful and we look forward to presenting the Twenty-First next year. It is a great fund raiser and opportunity to find new members.

We celebrated our Tenth Juneteenth Anniversary with a picnic at the church and revisited some of the black history of the United States.

2) What would you like to change?

In the future the BCWG hopes to become more active by adding members and convening meetings more frequently.
