Goals / Objectives

Challenges

- It would be prudent to divide the tasks of the Treasurer among more members. Knowledge of the position among more than one is necessary in the case of personnel loss and for the purpose of checks and balances.
- While Income is expected to rise by 30% this year, expenses are projected to rise by 34%. The positive aspect of this is that income is on a markedly upward trend for the first time in a number of years.

There is a ready willingness to confront financial realities. Communication is freely shared. The members bring a diverse financial background that contributes to the knowledge base needed for church finances.

2) What would you like to change?

3) How are communications working? Could you improve?

Communications are free flowing and occur in all venues such as Coffee Hour, email, the bank and even during our formal meetings.
